

Operating Room Mid-Grade Quality Instruments

**SURGI-OR™**

- **LIFETIME WARRANTY**
- **OVER 100 OF THE MOST POPULAR PATTERNS**

[www.sklarcorp.com](http://www.sklarcorp.com)

*These are the finest Pakistan OR Quality Instruments that you have ever seen! Each instrument is manufactured to exacting tolerances and specifications. Sklar backs these instruments with confidence, with a Lifetime Guarantee.*

*Surgi-OR instruments are forged of Japanese stainless steel. The scissors are 420-grade steel, the forceps 410, and the speculums 300. The 400-grades of steel contain 11.5 to 13.5% Chromium, the component of stainless which prevents rusting under proper care and use. All 300-grade steel products are comprised of 18% Chromium, yielding an even higher resistance to rust.*

*"I switched to Surgi-OR™ because they're quality instruments that are affordable. All of the most common patterns I need are available in Surgi-OR™."*

**Troya Thomas, Purchasing Director**  
MIMA - Melbourne Internal Med Assoc.

*"We were a little hesitant at first to try Surgi-OR™ in place of the more expensive brand of instruments but with Sklar's unconditional lifetime warranty, we had nothing to lose. We've been ordering Surgi-OR™ ever since."*

**Janet Cambell Cox, Purchasing Director**  
Clinch Memorial Hospital

*"We've been using Surgi-OR™ instruments for a few years, and not only have they lasted but they're still in great condition. It's hard to tell the difference between Surgi-OR™ and regular more expensive OR grade instruments."*

**Patricia White, Materials Manager**  
Bacon County Hospital
