

Econo™ Sterile
STERILE SINGLE-USE INSTRUMENTS

VASECTOMY INSTRUMENTS

- Eliminates the need for cleaning and sterilization
- Reduces the risk of cross-contamination and infection
- Convenient and ready-to-use

VASECTOMY PIERCING FORCEPS

96-4901 5½" CURVED 25/CS

Sklar's Vasectomy Piercing Forceps are engineered to provide a precise and accurate grip, reducing the risk of damage to surrounding tissue. The ergonomic design makes them comfortable to use for extended periods of time.

VASECTOMY FIXATION CLAMP

96-4902 5½" RING TIP 25/CS

Sklar's Vasectomy Fixation clamps are specially designed to securely grasp the vas deferens during a vasectomy procedure, ensuring a precise and reliable outcome.
