SKLAR INSTRU-GUARD LUBE™

SURGICAL INSTRUMENT LUBRICANT/RUST INHIBITOR

Liquid Concentrate

SKLAR INSTRU-GUARD LUBE™ is an easy-to-use, water soluble, lubricant and rust inhibitor. When used daily as a rinse after every cleaning it keeps moving parts operating smoothly and remains effective after autoclaving, but without leaving an oily residue.

Regular lubrication is essential no matter which cleaning method is employed (including ultrasonic).

SKLAR INSTRU-GUARD LUBE™ is ideal for maintaining instrument quality and performance.

SKLAR LUBE™ spray is economical and ideal for facilities that have a limited need for instrument lubrication. It comes in a convenient ready-to-use spray bottle.

Sklar instru-guard lube™

Item# 10-1635 Case of 4 Gallons, Concentrated
